Document Name:	Maritime Security Operative Course Program
Document Type:	Training Syllabus
Document Reference:	SMS/TRA/ONLINEMSO/001
Issue Date:	13/01/2025

MSO COURSE PROGRAM

INTRODUCTION

Seagull Maritime place great emphasis on the quality of training our operatives receive. Due to the wide geographical range from which we recruit, the Seagull Maritime Training Department have developed and provide this online training course to all new MSO's.

SCOPE

This online course syllabus is for all MSO's joining Seagull Maritime unable to physically attend Seagull Maritime's Training Centre.

OBJECTIVES

- ✓ Ensure joining MSO's are familiarised with the operational environment of providing armed security to client vessels in the Indian Ocean region
- ✓ Ensure joining MSOs are familiarised with Seagull Maritime policy and procedure
- ✓ Ensure joining MSOs are trained and competent in Seagull Maritime Standard Operating Procedures
- ✓ Ensure joining MSOs are trained and competent in Seagull Maritime Rules on the Use of Force and the principles therein

TRAINEE REQUIREMENTS

Course attendees are required to:

- ✓ Have a stable and secure internet connection
- ✓ Attend the course in a quiet and secluded area to avoid distraction
- ✓ Have their passport present and when requested, hold the passport to the camera alongside their face to clearly identify themselves upon request
- ✓ Ensure they have appropriate stationery to take notes as required
- ✓ Have read and reviewed the provided Seagull Maritime documentation prior to the course commencement
