15. **Conclusion**

1. Background / Introduction

Table Top Due Diligence of **Seagull Maritime** Ltd (later as PMSC) was conducted in order to confirm and evaluate **operational performance and its potential for the future.**

The primary Objective of this review is to provide objective assessment, evaluate existing national and international validity of the existing Certificates and Licences including procedures in place against the industry standards, as well as assessment the capability of the PMSC to carry out maritime escorting support with the armed guards on board within Red Sea, Gulf of Aden, Arabian Gulf Area and W and E -Indian Ocean and Ports (later as WIO).

2. Executive Summary

PMSC provided documented evidence in order to provide escorting services within WIO Waters and EEZ in accordance with the known industry standards.

PMSC uses it's own Pool for trained guards and is not utilizing any subcontractors.

Up to dated documentation is accessible at any given time and on demand, thus allowing transparent and instant access to the key documentation.

PMSC's aim and objective is to meet national industry expectations as well as contractual and regulatory obligations.

These have been ensured by obtaining required Certificates and Licences indicated within this report.

Objective evidence has demonstrated that the PMSC has the capabilities to carry out maritime boat escorting support.

3. General

Seagull Maritime Ltd (later as PMSC) is a Limited Company, registered in Malta C/54665/2011.

The Mission and Vision are:

Mission:

Seagull Maritime provides professional maritime security services across the Indian Ocean, Red Sea, Gulf of Aden and Arabian Gulf regions. The company is committed to the highest standards of operational excellence, compliance with international maritime security frameworks, and the protection of human rights in all operations.

Vision:

Seagull Maritime provides professional maritime security services across the Indian Ocean, Red Sea, Gulf of Aden and Arabian Gulf regions. The company is committed to the highest standards of operational excellence, compliance with international maritime security frameworks, and the protection of human rights in all operations.

PMSC operates a zero tolerance drug and alcohol policy for all Personnel for the duration of their employment.

PMSC Standard Operating Procedures contain procedures for all activities undertaken by Personnel to ensure that people, property and life are protected during the conduct of services.

PMSC holds local licences and approvals to store and export firearms legally in the area of operations, with weapons maintained on approved floating armoury platforms.

Maritime lawyers are available for legal advice on a 24/7 basis.

Elements of the ICOC and the Voluntary Principles of Human Rights and Rules for the Use of Force (RUF’s) are contained within Standard Operating Procedures (SOP’s).

4. Certificates, Licences and accreditation by recognized association or industry body

PMSC holds the following certificates, licences and accreditations:

• ISO 18788:2015 — Security Operations Management (Expiry 03/09/2028)
• ISO 28000:2022 — Security Management Systems for Supply Chain (Expiry 27/11/2027)
• ISO 28007:2015 — Guidelines for PMSCs providing Ship Security (Expiry 27/11/2027)
• ISO 9001:2015 — Quality Management System (Expiry 03/09/2028)
• ICoCA — Certified Member (Expiry 22/06/2026)
• ISO 45001 — Certification in progress (expected May 2026)

Flag state licences are maintained for Panama, Liberia, Malta and Guinea-Bissau. Full flag state register maintained as SM/SEC/REG/001 covering 37 flag states.

- **ICoCA Certificate (International Code of Conduct for Private Security Services Providers' Association):**

  ISO 45001 — Certification in progress (expected May 2026)
  ISO 28000:2022 — Expiry 27/11/2027
  ISO 28007:2015 — Expiry 27/11/2027
  ISO 18788:2015 — Expiry 03/09/2028

4.2 Vessel based Armouries for:

- **MV Markab (IMO 7605391)** expiry date: 18/10/2019
  Valid for inward and outward operations

- **MV Menkar (IMO 7605689)** expiry date: 18/07/2019
  Valid for inward and outward operations

5. Knowledge and Experience

PMSC as a limited company was established in 2011 and has over 14 years of experience in the maritime security private sector. Many of the Personnel PMSC employs have worked in the maritime security sector for many more years.

The majority of vessels supported are tankers and bulk carriers. References are available from major shipping companies.

Furthermore, PMSC has its own intelligence who provides threat analysis (tracking) and dynamic routing recommendations, during the passage through the High Risk Area.

6. Procedures

PMSC has submitted documented procedures in place and some of these are;

- command and control structure linking the client, the Master, and the Maritime Security Team Leader;
- procedures for notification of the Flag State;
- Rules for the Use of Force procedures adjusted to the standard; " 100 Series Rules for the Use of Force"

  Note: RUF is distinguishing various Flags requirements e.g. Cypriot and no Cypriot vessel;

- procedures on decision making in support of the Master;
- management and safety of firearms;
- full and formal incident investigation;
- and other procedures in access of recommended industry standards; and fully compliant with UK Law.
- Personnel Recruitment Training SOPs

7. Employee Screening

PMSC is ensures the following minimum standards are met:

- ISPS Ships Security Officer (SSO) course or DSSD (Indian SSO equivalent);
- STCW 95 (Sea Safety and Survival - all 4 modules);
- ENG1 Medical UK personnel, FNG1 Indian personnel;
- A minimum of five years military service verified through evidence of honourable discharge;
- Letter from the individual's GP for their physical and psychological fitness to conduct operations as an armed maritime security operative;
- Personnel must be suitably qualified to operate in a marine environment.

8. Training

PMSC Personnel are required to have completed an SSO course and all 4 modules of STCW prior to deployment onboard a merchant vessel, part of which requires basic ship-board familiarisation.

In addition, prior to their first deployment with PMSC all Personnel must have passed through PMSC Recruiting and Training regime which contains further elements of, for example; anti piracy, and ship-board familiarisation.

PMSC consistently review training policy and continually develop lessons for incorporation into their recruiting, initial training and refresher training.

9. Flag state approval

PMSC has received approval or conducted voyages from a variety of Flag States including**;**

- Panama, Liberia, Malta, Guinea-Bissau, Hong Kong, Marshall Islands, Bahamas, Singapore, Tuvalu, St Vincent & Grenadines, Antigua & Barbuda, Gibraltar, and others. Full flag state register maintained as SM/SEC/REG/001 with 37 flag states documented.

PMSC has worked with a large number of Flag States to ensure compliance with their requirements on possession and transportation of weapons.

This includes the completion of pre-embarkation questionnaires and drafted Flag's Letter of No Objections providing details of the team.

10. Insurance

PMSC provides and maintains following insurances;

- Personal Accident insurance to the event limit as per policy (see DD portal Section 9)
- Professional Liability, General Liability and Employers Reinsurance – USD $10 000, 000 – in the aggregate

11. Contractual agreement

PMSC is using the GUARDCON adjusted / unchanged escorting contract, marked up to show their amendments to the standard contract form.

Any dispute/resolution shall be in London/UK under the English laws.

12. PMSC team size, composition and equipment

Each escort boat has at least 3 armed team members. On some occasions, subject to Flag's approvals, 2 armed team members may be utilized.

All weapons and associated equipment is **leased or owned** by the PSC.

16. PMSC boarding areas/ports

PMSC can board the ship and exchange the team:

Unarmed only:

- Suez, Suez Canal, Port Said;
- Kenya / Mombasa.

Armed or unarmed:

- Red Sea / Floating Platform;
- Port of Muscat;
- Off Shore Galle;
- Off Shore Fujairah / Floating Platform
- South Africa / Durban and Port Elisabeth

Note:

1. **India:**

   PSC cannot embark or disembark the armed guards at any Indian ports. On occasions unarmed security team member may be signed off at the Indian Port, if commercial sound for the manager/owner and subject to Flag's state regulation i.e. having a Custodian for the extra weapons.

2. **South Africa**

   Ships embracing weapons within SA ports must have on board special Weapon Locker Grade Class XX .

13.P & I Club

Selected P & I Clubs fully approve BIMCO contract for the West Indian Ocean Operation (WIO). On additional demand ship's designated CSO will approach the club for the approval and the answer will be submitted to the PMSC.

14. Conclusion

The table top audit was attempted to address the most critical requirements in order to check validity of applicable Certificates and Licensees presently available, as well as SOP and other relevant minimum procedures.

Additionally due diligence was conducted to confirm insurance validity during the operation and remove any other legal limitations to the commercial escorting deployment within WIO.
