	(II) Industry Best Management Practices, in particular Ship Self Protection Measures? (III) The relevant provisions of the Shipboard Security Plan (SSP) and the differing Security Levels? (IV) Vessels Emergency Procedures and Contingency Plans?					**Operating Procedures — Indian Ocean Syllabus** See APAC/APAC TL and ASSO/SSO certificate examples at the **"Operators Personal Document Examples"** folders.
	PMSC - DUE DILIGENCE CHECK LIST – Cont.	**Reference**	**Yes**	**No**	**N/A**	
5.14	Has the PMSC a process in place which involves documented periodic assessments of personnel performance. In addition to assessment of performance the process considers training/career development opportunities and recommendations?		☒	☐	☐	Please refer in **5. Training** folder to the following documents: **-SM/INT/REG/008 — Training and Competence Matrix v1.0**
	Note: *At the completion of this section, the reviewer must be satisfied that the training regime in place and the records of that training give confidence that the PMSC personnel have been provided with appropriate knowledge and skills to ensure that all PMSC personnel deployed across the Shipping Company's Fleet will receive a uniform level of professional training, attain the same high level of competencies and provide the level of services expected by the Ship's owner/operator.*					

Information Request Sheet

6	ACCREDITATION BY RECOGNIZED ASSOCIATION OR INDUSTRY BODY	Reference	Yes	No	N/A	
6.1	Has the PMSC attained relevant accreditation by a recognized security association or forum such as: "Security Association for the Maritime Industry", "International Code of Conduct for Private Security Service Providers", "British Association of Private Security Companies" and the "International Marine Contractors Association". If yes, please list:		☒	☐	☐	ISO 28000 and ISO28007, ISO 18788 AND Panama,Liberia and Malta Accreditation. Please refer in **6. Accreditation by recognized association or industry body /Accreditation** folder to the following documents: **-Seagull Maritime Security ISO 28007 (Maritime Security Quality standard)** **-Flag approval** folder
6.2	Has the PMSC been endorsed by recognized associations and/or industry bodies. If yes, please list: Endorsement may include: Class, Flag, Ship-Owner Association or ISO Quality Assurance Accreditations.		☒	☐	☐	Please refer in **6. Accreditation by recognized association or industry body** folder to the following documents: **-Accreditation** folder **-Flag approval** folder **-Flag approval examples** folder

Information Request Sheet

7	FLAG STATE APPROVAL	Reference	Yes	No	N/A	
7.1	Which Flag States does the PMSC have experience of working with?		☒	☐	☐	Working experience with the following flags: Panama, Malta, Singapore, Hong Kong, Marshall Island, Liberia, Gibraltar, Antigua & Barbuda, Tuvalu, St. Vincent & Grenadines, Bahamas and etc. Please refer in **7. Flag state approval** folder to the following documents: -"**Flag approval**" folder
7.2	Does the PMSC demonstrates sound knowledge of the various flag state approval requirements and limitations with regard to the carriage and onboard management of armed or unarmed private security contractors?	IMO CIRC. 1405 Rev.2	☒	☐	☐	Please refer in **7. Flag state approval** folder to the following documents: few examples in the **" Flag approval "** folder
7.3	Have been reviewed documented examples outlining previous flag state approvals to operate onboard merchant vessels?	MARSHALL ISLAND NOTICE MN-2-011-39	☒	☐	☐	Please refer in **7. Flag state approval** folder to the following documents: few examples in the **" Flag approval "** folder
7.4	Is the PMSC able to provide an example of a detailed plan covering proposed Security Team deployment to the Port / Coastal State to ensure compliance with the respective State's requirements on possession, transportation of weapons?		☒	☐	☐	All Seagull Maritime operations of embarkation /disembarkation are legally in all the key ports throughout the HRA. Please refer in **7. Flag state approval** folder to the following documents: agreements /declarations with ports agents and

Information Request Sheet

						local authorities at the " **coastal suppliers and agents** " folder and **Flag approval** folder
7.5	Is the PMSC able to provide documents which will cover Flag States strict requirements regarding the carriage of arms on vessels flying their flag including the individual licensing of personnel who may carry arms and the licensing of individual firearms?		☒	☐	☐	Prior to each deployment, Operation Department will provide all necessary documentation, concerning Security Team and Firearms deployment onto the vessel, taking into consideration all corresponding Flag State requirements on provision of armed guards. Please refer in **7. Flag state approval** folder to the following documents: **-Flag approval examples** folder
7.6	Is PMSC able to show which Flag States have limitations of the type of weapons that may be carried onboard? (e.g. some Flag States do not allow the use of fully automatic weapons).		☒	☐	☐	Seagull Maritime owns only semi-automatic rifles, caliber of 5.56x45, 7.62x39 and 7.62x51, which fits to most Flag State requirements.

Information Request Sheet

8	PORT AND COASTAL STATE APPROVAL	Reference	Yes	No	N/A	
8.1	Does the PMSC demonstrates sound knowledge in relevant port and coastal state approval requirements and limitations with regard to the transfer of security contractors and their equipment, especially firearms?		☒	☐	☐	Seagull Maritime has a lot of experience in the HRA ports. Few examples for regulation: • Mombasa – weapons need to disembark to police storage room and reembark when vessel with weapons on-board are ask to enter the port. • S.Africa ports – all weapons must have a S.African license • Guards and weapons not allowed in Fujairah Port, before entering the port guards and weapons will need to disembark on floating armory.
8.2	Can the PMSC provide documented evidence of recent/current agreements where they have obtained permission to embark/disembark security personnel and associated equipment (especially firearms) from/to key ports in region (Fujairah, Muscat, Salalah, Galle, Suez, Djibouti etc)?	IMO CIRC. 1405 Rev.2	☒	☐	☐	All Seagull Maritime operations of embarkation /disembarkation are legally in all the key ports throughout the HRA. Please refer in **8. Port and Coastal state approval** folder to the following documents: agreements /declarations with ports agents and local authorities at the " **coastal suppliers and agents** " folder and **Flag approval** folder

Information Request Sheet

8.3	Is the PMSC able to provide an example of a detailed plan covering proposed Security Team deployment to the Flag State to ensure compliance with the Flag State's requirements on possession and transportation of weapons (if so required)?		☒	☐	☐	As an example – Guards and weapons not allowed in Fujairah Port, before entering the port guards and weapons will need to disembark on floating armoury.

Information Request Sheet

9	INSURANCE	Reference	Yes	No	N/A	
9.1	Does the PMSC maintain insurance cover for themselves, their personnel and third-party liability cover and that the PMSC terms of engagement do not prejudice or potentially prejudice the shipowners insurance cover?	IMO CIRC. 1405 Rev.2; MN-2-011-39	☒	☐	☐	See in **9. Insurance** folder: **Liability Insurance** in the "**Insurance**" folder
9.2	Does the PMSC provides and maintains public and employer's liability insurance to a level expected by the ship owner (not expected to be less the US$5 Million)?	IMO CIRC. 1405 Rev.2	☒	☐	☐	See in **9. Insurance** folder: **Liability Insurance** in the "**Insurance**" folder
9.3	Does the PMSC provides and maintains insurance covering personal accident, medical expenses, hospitalization and repatriation of employees?		☒	☐	☐	See in **9. Insurance** folder: **PA Insurance** in the "**Insurance**" folder
9.4	Does the PMSC insures its personnel to carry and use firearms on the high seas and territorial waters, for accident, injury and damage arising from the use of firearms and liability for any claim that might arise from the carriage and/or negligent or intentional misuse and use of firearms?	IMO CIRC. 1405 Rev.2	☒	☐	☐	See in **9. Insurance** folder: **PA Insurance** and **Liability Insurance** in the "**Insurance**" folder

Information Request Sheet

10	CONTRACTUAL AGREEMENT	Reference	Yes	No	N/A	
10.1	Which jurisdiction will apply in the case of a contract being signed?	IMO CIRC. 1405 Rev.2;	☐	☐	☐	Incase of dispute resolutions, as per box 19 in the BIMCO Guardcon, Seagull Maritime Security jurisdiction will be in the UK. Upon agreement, jurisdiction may be changed to US or any other country.
10.2	Is any agreement in place which contains a clearly worded indemnity clause removing liability for ship owner, operator, crew and charterer for actions which may be a direct result of embarking private security contractors?		☒	☐	☐	See in **10. Contractual agreement** folder: **-Sample Copy BIMCO GUARDCON**
10.3	Is any agreement in place that confirms the minimum team size for that particular assignment and that one team member will always be a qualified team medic? Note: Industry guidelines state that this should be four; Some Flags do allow 3 team members.		☒	☐	☐	See in **10. Contractual agreement** folder: **-Sample Copy BIMCO GUARDCON**
10.4	Is any onboard agreements re-iterate the chain of accountability between PMSC personnel, the Master and the Administration in the event of damage / injury?		☒	☐	☐	See in **10. Contractual agreement** folder: **-Sample Copy BIMCO GUARDCON**

Information Request Sheet

11	PCASP TEAM SIZE, COMPOSITION AND EQUIPMENT	Reference	Yes	No	N/A	
11.1	Composition - It is important that there is an appropriate hierarchy, experience and skill mix within the onboard PCASP team. The team leader should be competent in ship vulnerability and risk assessments and be able to advise on ship protection measures. It is recommended that one of the PCASP personnel be qualified as the team medic;	IMO CIRC. 1405 Rev.2	☒	☐	☐	Each security team member undergoes basic medical training in providing first aid. 3-rd team member is usually has designated role of medic with corresponding training certificate. Upon special request, related to heightened threat mitigation in the Red Sea and Gulf of Aden corridor, Seagull may deploy enhanced security teams consisting of personnel from NATO countries with extensive military and mandatory combat experience. Following the Israel-Gaza ceasefire in October 2025 and the US ceasefire agreement with the Houthis in May 2025, direct attacks on commercial shipping in the Red Sea have reduced significantly. However, the Houthi threat remains persistent — two unescorted commercial vessels were sunk in coordinated attacks in early April 2026, and MARAD continues to advise that

Information Request Sheet

						vessels with Israeli, US or UK association remain at elevated risk. Somali Basin piracy has also seen a resurgence, with 18 incidents recorded in 2024 representing a sharp increase on previous years. Seagull Maritime continuously monitors these threats through our intelligence capabilities and adjusts team composition, equipment and operating procedures accordingly.
11.2	Are Equipment requirements adequate? Note: This will be influenced by factors including: length of the estimated time of the ship transit, latest threat assessment, the agreed duties of the PCASP team (will they act as additional lookouts, utilize day- and night-vision equipment, assist with rigging self-protection measures?) and the size and type of ship. Enhanced medical equipment is recommended;	IMO CIRC. 1405 Rev.2	☒	☐	☐	Our equipment requirements are more than adequate for the assigned tasks. Our team is equipped with binoculars, laser pointers, and night vision devices to enhance situational awareness, improve communication, and ensure visibility in low-light conditions. These tools, along with additional specialized equipment, enable our team to effectively carry out their duties and enhance the safety and security of the ship and its crew. Each equipment set mandatory contains first-aid medical bag.

Information Request Sheet

						Please refer in **11. PCASP TEAM SIZE, COMPOSITION AND EQUIPMENT** folder to the following documents: **-Equipment Set example** **-SM/OPS/SOP/001-G — Annex G — Weapons & Equipment Management v1.0**

Information Request Sheet

12	ROUTEING	Reference	Yes	No	N/A	
12.1	Does PMSC has a Pirate activity/incidents monitoring system in place to support Owners/Masters in route planning?	MARSHALL ISLAND NOTICE MN-2-011-39	☒	☐	☐	Our Sister Company-Vanguard Tech provides 24\7 monitoring of the main voluntary areas, such as Gulf of Guinea, Indian Ocean HRA, Arabian Gulf and Black Sea. Main tools of Vanguard Tech is also available for Operations Department of Seagull Maritime and access to them may be granted to shipowners/operators by the agreement. The Master/CSO will receive Daily intelligence forecasts of the reporting area including; Boarding threat forecast, Latest attack location information and analysis, Pirate Action Group(PAG) location updates, Weather and Surveillance effectiveness assessment, Meteorological data, Intelligence Forecast, Positional monitoring and Threat alerts specific to the vessels with dynamic diversion recommendations.

Information Request Sheet

12.2	Does the PMSC use third party service in order to monitor routing and to support Owners/Master?	CSM	☐	☒	☐	Seagull Maritime uses advanced Digital Platform for this purpose. In addition our TL, reports in his daily reports the current position of the vessel, for the operation department to monitor.

Information Request Sheet

13	OTHER	Reference	Yes	No	N/A	
13.1	Is PMSC using unchanged Guardcon Contract?	CSM	☒	☐	☐	See in **13. Other** folder: **-Sample Copy BIMCO GUARDCON**
13.2	Are systems for provision of security identity documentation, travel documents and visas in place?	IMO CIRC. 1405 Rev.2;	☒	☐	☐	Seagull Maritime has specially designed CRM system, named 1ClearView, which contains all necessary entities, related to Private Maritime Security, security team movements to\from vessels, between certain locations, has implemented flight verification and tracking system, also Visas may be binded to the certain guard as separate document.
13.3	Do Security team members carry original documents, such as: Seaman's books? (Note: In Some countries PMSC cannot disembark without SB - e.g. India, Saudi Arabia)	CSM	☒	☐	☐	Each member of the security team carry pack of his documents, including International Passport, Seamen's book, STCW'95 certificate, SSO certificate and others.
13.4	Will the PMSC hire weapons from other companies?	MARSHALL ISLAND NOTICE MN-2-011-39	☐	☒	☐	Seagull Maritime has sufficient amount of owned firearms , which allows not to rent\hire firearms from other companies, also giving rent of firearms is totally prohibited which is also stated in ISO.

Information Request Sheet

13.5	If so, do their licenses permit the leasing of weapons to a third party?	MARSHALL ISLAND NOTICE MN-2-011-39	☐	☒	☐	
13.6	Which weapons are appropriate for self-defense? Note: (No shot guns, pistols, automatic weapons are allowed)	MARSHALL ISLAND NOTICE MN-2-011-39;	☒	☐	☐	Seagull Maritime owns only semi-automatic rifles, caliber of 5.56x45, 7.62x39 and 7.62x51, which fits to most Flag State requirements.

Information Request Sheet

	PMSC - DUE DILIGENCE CHECK LIST – Cont.	Reference	Yes	No	N/A	
13.7	Will the PCASP be using fixed weapons?	MARSHALL ISLAND NOTICE MN-2-011-39	☒	☐	☐	Seagull Maritime has an agreement with a Floating Armories agent who will provide annual maintenance of the firearms to keep them in proper working condition. Also, agent deals with issues of repair work related to weapons, and has the appropriate gunsmith certificate.
13.8	What is the caliber of weapons used?	MARSHALL ISLAND NOTICE MN-2-011-39	☒	☐	☐	5.56x45, 7.62x39 and 7.62x51
13.9	If the PCASP be using sporting weapons, then what ammunition caliber will be used?	MARSHALL ISLAND NOTICE MN-2-011-39	☐	☒	☐	Seagull Maritime does not own sporting weapons.
13.10	Will the PCASP be using AK 47-family weapons?	MARSHALL ISLAND NOTICE MN-2-011-39	☒	☐	☐	Some weapons owned by Seagull Maritime are AK-family semi-automatic rifles. For example, Zastava m2010 cal. 7.62x51. All weapons are semi-automatic with structurally disabled automatic and\or burst firing mode.
