M-2003 Compliance Requirements Register

1. Introduction & Purpose

The role of this register is to provide Seagull Maritime Security staff with a means of checking that all of our operations comply with all Legal, Statutory and Other Regulatory Requirements.

2. References

Reference	Description
M-1001	Seagull Maritime Security IMS Manual

3. Application & Scope

The scope of this manual encompasses all business conducted by Seagull Maritime Security in the Provision of a private contracted maritime security service.

4. Requirements

Seagull Maritime Security employs a Security Management System (SMS) within which there is a requirement to identify applicable and relevant international and national legal, regulatory and other requirements related to its activities and those of any subcontractors, functions, clients, contracts and areas of operation.

The register is checked every 6 months by the Legal Compliance Officer.
